5. Guidelines for assessing the achievement of theoretical courses for the Bachelor of Nursing Program *(This text can be added to the theory course.)*

(1) Students must have at least 80% of attendance of the total course time to be eligible for the final exam *(Burapha University Regulations on Undergraduate Education B.E. 2565 (2022) Page 12).*

(2) Students' leave of absence is classified into 2 types.

2.2 Personal leave

2.2.1 Reasonable leave of absence: A leave letter must be approved by instructors and advisors at least 1 business day before.

2.2.3 Emergency leave: Must be notified to the instructors and advisors for acknowledgment and approval. In case of an emergency, the student can leave immediately; however, it is at the discretion of the instructor and person in charge of the course. The student must submit a letter of absence immediately on the day of return.

2.3 Sick leave

Must notify instructors and advisors for acknowledgment and approval first. In the event of a sudden illness, the students are allowed to take immediate leave; however, sick leave form must be submitted along with a medical certificate every time, and students must follow up on the assignments assigned by the professor.

(3) In the event that the student fails to pass the required examination score In midterm or final exams, students must give a re-exam to achieve the expected learning outcomes of the course.

(4) In cases where students score less than C grades in courses in the vocational group, the parents will be notified about the students' academic results, and they cannot graduate as per the regulations of the Nursing Council. (*Nursing Council Regulations On the Approval of Vocational Education Programs in Nursing and Midwifery at the Vocational Level B.E. 2563 (2020) p. 43*). Students must re-enroll (Regrade) to be graduates according to the criteria set by the Nursing Council.

(5) A "F grade" may be assigned if the student failed to meet the study or evaluation. This can be done in the following cases:

4.1 Students are absent from the exam without the approval of the Dean.

4.2 Students do not meet the study time criteria.

4.3 The student who commits an offense or violates the assessment regulations, or cheats or is dishonest during the evaluation process they may fail in the examination in that course. (*Burapha University Regulations on Undergraduate Education B.E. 2565 (2022) p.14*)

(6) After obtaining the grades officially, the student has the right to request details of the assessment of learning achievement after 7 days based on the appeal policy on the assessment of learning achievement of the faculty. Learners have access to information via the Faculty of nursing official website as linked at <https://nurse.buu.ac.th/2021/form-Two..php>

(7) Burapha University Principles and Guidelines on the Use of Artificial Intelligence (AI) for Learner

The learner should:

7.1 Utilize AI to enhance learning, not replace personal thinking, and verify the accuracy of AI-generated information before use.

7.2 If AI tools are used to produce work, demonstrate responsibility by clearly citing sources and specifying the scope of use (e.g., used AI for content summarization, outlining, or translation).

7.3 Exercise judgment by comparing and contrasting AI-generated results with other reliable sources to develop critical evaluation skills.

7.4 Strictly adhere to the scope, limitations, and prohibitions for AI use in each course; violations may be considered a breach of academic integrity.

(8) Precautions and Prohibitions

8.1 Prohibition on using AI to create or distort false or deceptive information, regardless of intent.

8.2 Prohibition on concealing AI use in academic work; sources must be transparently disclosed.

8.3 Prohibition on inputting or uploading personal data without consent according to the Personal Data Protection Act B.E. 2562 (2019) or university confidential information into AI systems.

8.4 Prohibition on copyright infringement under the Copyright Act B.E. 2537 (1994) and amendments, particularly when using or distributing AI-generated works.

8.5 Requirement to thoroughly study the Terms of Use and Privacy Policy of selected AI tools before use. *(Burapha University Principles and Guidelines on the Use of Artificial Intelligence (AI) for Teaching and Learning)*
